#### Course Objective:

Our ESOL program is designed to give students the confidence they need to live and work in English-speaking environments.

It's also an excellent preparation for our English for Academic Purposes (EAP) course.

Through our program, students will learn to:

- ◆ identify various English texts;
- ◆ conduct everyday conversations;
- ◆ write emails, letters and short reports;
- ◆ discuss materials;
- ◆ present ideas and opinions to small groups;
- ◆ participate in group discussions;
- ◆ write in a range of genres and
- ◆ handle individual presentations.

### **Course Content:**

Our ESOL program is designed to help students develop and upgrade their four macro-skills in the English language. It lays a solid foundation for grammar, sentence structures, vocabulary, and language problem-solving skills.

We also believe it's important to help our students achieve confidence and social skills in everyday activities in our beautiful country.

Our classes offer a variety of interesting and interactive activities, such as excursions, games, quizzes and supervised self-access sessions where students can use our online materials specifically designed to reinforce what has been learned in class.

### **Course Delivery Methods:**

Our program includes 20 contact hours a week, which includes:

- ◆ face-to-face interactions,
- ◆ student presentations,
- ◆ practical exercises, and
- ◆ guided excursions.

### **Assessment Methods:**

Students are assessed both informally and formally throughout their English course. Assessments are undertaken progressively and are designed to test and motivate students to achieve success throughout the course. The standard of your class work and homework, and your results at mid-level and at end-of-level tests determine your next class level. It generally takes up to 8-10 weeks to progress from one level to the next.

### **Pathways:**

On successfully completing a particular level, students will be ready to progress to a higher level course. Students completing the Advanced level can progress to EAP or IELTS courses.
